

Alexandra Mărcuț

Front end Developer

Profile

I am a devoted and energetic junior front end developer, passionate about creating responsive web pages using HTML, CSS and JavaScript. I am eager to expand my knowledge within a company where I can improve my skills and discover new technologies in web development field.

Education

Web development, The Informal School of IT

November 2022 — June 2023

- HTML and CSS (Responsive web design)
- JavaScript (variables, functions, objects, events)
- JavaScript BOM (window, location, cookies)
- DOM (methods, elements)
- JSON (arrays, parse, stringify)
- jQuery basics
- APIs (local storage, app cache), Postman
- AJAX (XMLHttpRequest, request, response)

Faculty of Letters, Cluj-Napoca

2011 — 2014

Courses

Web Development , The Informal School of IT

February 2023 — June 2023

Intro in IT, The Informal School of IT

November 2022 — January 2023

Employment History

Career break (Maternity leave), Cluj-Napoca

August 2021 — Present

- Enrolled in courses of HTML, CSS and JavaScript, currently I am learning TypeScript and Angular.
- My web pages can be checked [here](#).

Project Documentation Controller at Emerson, Cluj-Napoca

January 2015 — August 2021

- Detail-oriented in handling the documentation part for multiple projects simultaneously, implementing the comments and deadline conscious in re-submitting them.
- I enhanced the training procedures for the new members and I shortened the process of introducing the newly hired members into the team, while continue working on my projects.
- Good communication skills with the team and customers acquired while participating in the kickoff meetings.
